Colophon

This 7th Anglia Newsletter was developed by the Anglia European Centre in Roosendaal.

We would like to thank the following members for their contributions:

- Marian Schreppers
- Hans Venderbos
- Ruud Freund
- Liz Bangs Jones
- Ingeborg van Bers
- Judith Buddenberg
- Anya Luscombe
- Marilyn Verkleij
- Arnold Augustijn

The next newsletter will be published in September 2008. You can email your contributions until the end of August 2008 to info@anglianetwork.eu.

More information about Anglia can be found at

www.anglianetwork.eu

More Summer Activities than ever

Summer 2008 will see more Anglia Summer Activities than ever before. Locations have more than doubled, more age groups are now possible, 8 to 18, levels range from Junior to Proficiency and Masters, locations from Classroom to College or Summer Camp, in different countries. Read more on pages 2-3-4.

in cooperation with University Colleges

Scholarships for Anglia Summer Activities

available again this year, please check our website

Teacher Assistant Training Days 17 & 20 May at University College Utrecht

Teachers and assistants are very important at the Anglia Summer Activities. That is why we want to spend more and more time on selection, training and guidance. In November 2007 we started selection procedures and the new Anglia teacher assistant training days are scheduled for Saturday 17 May and Tuesday 20 May 2008. On Saturday the training will be 9.30 am to 4 pm. On Tuesday from 1.30 pm to 8 pm.

Interesting mixture / valuable experience

Working at one of our Summer activities turns out to be a very valuable experience. "I had already worked with children but this Anglia experience was a new page in my book and I really enjoyed it very much. There is a good balance between having fun with children and seriously working on language development. I also enjoyed working in a team. It has given me new insights and contacts. I liked the idea of getting a certificate".

Teacher loyalty bonus

In addition to accommodation, travel expenses and fee Anglia also wants to offer their staff long term opportunities. If you already have some experience as an Anglia teacher or teacher assistant we will try to give you the chance to teach in another country/environment. Every teacher or assistant will get this possibility, depending on their own interests.

18+

We expect all Anglia team members to be ambitious to improve their teaching or

management skills, fluent in English, real team players. Staff members usually come from teacher training colleges (University and HBO), university colleges, senior high schools (bovenbouw havo/vwo) and we also welcome qualified teachers working at primary or secondary schools.

The positions that we offer are:
 Summer Classroom Head Teacher
 Junior Classroom Head Teacher
 Summer Classroom Group Teacher
 Summer Classroom Assistant
 Summer Classroom Administrator

Summer Camps

New near Oss

Summer Camps started in The Netherlands in 2004, so this is the fifth year that the combination of fun and learning English with international support is on offer.

New is this year's location at Herpen Koolwijk, near Oss. The programme has also been updated, the fun factor is still there, with a focus on the Olympics: sports, adventure and entertainment all included. All in English of course.

Horseriding in Hoogerheide

Riding School RC de Molen was the first to offer the combination of Anglia English and horse riding in 2006. It was an instant success. The presence of horses made the kids feel very comfortable and relaxed, learning English seemed part of the natural process. At the end of the week, even the horses were said to be speaking English.

Kids Klub

In the heart of Robin Hood country. Worksop College sits in over 400 acres of national parkland making it one of Kids Klub's largest camps. Here you will meet children and teenagers from all over the world in this lively and action packed activity camp with something for everyone.

Should you be staying for a week or longer, then we can also provide fantastic days out to Alton Towers and Manchester!

Summer school Chichester College

The focus of the morning classes is on general English Language. You will learn English through a balance of activities aimed at improving your grammar, vocabulary, pronunciation and the skills of reading, writing, speaking and listening. Throughout your morning programme there will be a strong emphasis on English for Communication.

The programme has been designed to ensure that every student follows a course of study suitable for their level of competence in English.

In the afternoon you can choose different activities, prepare for an English examination or non-examination courses.

Summer School at Chichester College is well known and more than 76 nationalities have come to the International Department over the past few years.

Junior Classroom

New this year are the junior classrooms, offered at various locations. For primary school kids.

The programme offers fun activities to stimulate mainly their English speaking and listening skills. Based on Anglia's Cool! method and supported by a website to stimulate children to work on their English outside the classrooms as well.

Summer College at University College Maastricht

This summer Anglia will arrange a Summer College for those secondary school students (15-18) who do not only want to improve their English but also want to advance their academic skills in English.

With the cooperation of University College Maastricht, Anglia provides you with a diverse programme.

In the beautiful College Campus of Maastricht you will have one week of hard work and experiences.

By the end of this week we hope that you have

- improved and advanced your academic skills in English
- expanded your vocabulary
- a better understanding of different academic fields
- developed your social skills.

Optional weekend trip to London

Summer College participants can book an optional weekend trip to London. Please check our website for programme and more details.

Summer Classroom at Universities, Colleges & Schools

Anglia Network is an international network of schools and colleges, supported by universities and publishers. Anglia Classroom tries to offer the benefits of this network: professional and positive teachers, modern computer supported facilities, stimulating and structuring teaching materials.

Summer Classroom offers a day programme where pupils can work on their English at their own level. All skills can be practised: listening, speaking,

reading and writing. There will be a variety of group work and individual activities.

Lunch breaks will be provided for with both good food and interesting games. At the end of each day there will be a presentation of pupils' and students' work.

In 2008 Anglia Summer Classroom is available at Roosevelt Academy in Middelburg, University College Maastricht, University College Utrecht, Groningen, Amsterdam and a number of Anglia schools.

Agenda Summer Activities 2008

| 18 | August | Summer Classroom Middelburg |
| 20 | August | Summer Classroom Berlin |
| 25 | August | Summer Classroom Utrecht |
| 25 | August | Summer Classroom Antwerp |
| 1 | September | Summer Classroom Zagreb |

Embassy prize

Over the past five years it has become a tradition to offer the winners of The Game a visit to an embassy. So far we have visited the Australian Ambassador's residence and the American Embassy in The Hague. This year we will offer a visit to one of the embassies again. More information about these visits and The Game on our website.

Anglia Exam Option in Summer 2008

Last year the evaluations of the Anglia Summer Activities were very positive, but there is always room for improvement. One question was often asked: would it be possible to sit an Anglia Examination at the end of the Summer Classroom? Good news: from 2008 it will be possible to take part in an Anglia Examination on the last day of the week's program, on Friday morning. You can choose the Anglia level you want, you can also do the Speaking Test. More information on www.anglianetwork.eu

Daily Programme Summer Classroom

| | |
